

Learner Course Information

This course is composed of **Sections** that contain related **Lessons**.

Outline:

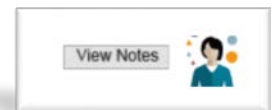

- The **Outline** to the left contains resources for each section, as well as Quizzes and Exams.

Section 0:

- Section 0 contains a link, Learner Resources – All Courses, to an interaction with information documents that are common to multiple curriculum.
- Section 0 also contains a **Course Objectives** document, and a **Course Map** document that details the approximate amount of time that you should plan to spend on each section.

Numbered Sections:

- Each Section of the Learner course is made up of one or more Lessons, which includes an interactive lesson, and possibly a practice activity (Practice PDF) and a project activity (Project PDF). There can also be additional resources for a lesson, such as code files.
- Interactive lessons are viewable from an Internet browser on a PC, Mac, or Mobile device. Interactive lessons include important notes that will appear as a "View Notes" link. **Be sure to read all lesson notes.**

Quizzes:

- Most sections include one or more quizzes, which are located within the section outline at the point where they should be completed. **Always consult your instructor for instructions before attempting these quizzes.**

Exams:

- There is a midterm and a final exam available for this course. **Always consult your instructor for instructions before attempting these exams.**

Reports – Course Completion:

- You may access and print a "Certificate of Learning" from Oracle iLearning for completed courses within your iLearning History tab. Course completion is achieved by viewing 95% of Interactive Lessons, accessing all PDF documents and Code files from the **Outline**, passing all quizzes with a score of 70% or higher, and passing all exams with a score of 60% or higher. (Note: Requirements by your instructor may vary.)
